

Academic Information

Satisfactory Progress

ITI stresses academic excellence. All courses must be completed with a minimum of a 1.00 GPA for the individual course. Those courses not completed with the minimum GPA will have to be repeated if the student wishes to use those courses towards a certificate or degree. If the failed course is a prerequisite for other courses, the failed course must be repeated and successfully passed in order to take the courses that require the failed course as a prerequisite.

Students working toward a certificate or degree who do not achieve satisfactory grade in *Major Subject Areas* as determined by each department will be required to repeat those subjects, *even though the student may have a passing overall GPA*. Students must maintain a minimum cumulative or overall GPA as shown below:

- Failure to maintain these minimums will result in the student being placed on probation.
- The student must have completed the training program material and hold a 2.0 overall grade point average to graduate.
