

# How to Download Microsoft Office

1. Open your web browser and navigate to:  
<https://products.office.com/en-us/student/office-in-education>
2. Enter your School Email address that ITI provided you in the field shown and click "Get Started".

3. On the next page, you will be given 2 options. Select "I'm a Student".
4. You should be sent to this page. Click "Continue" to login to your student email.

## You already have an account

To get your free Office, sign in with your Office 365 user ID and password.

[Continue](#) →

5. After you login, you should see this screen below. Then Click on "Start".

## Almost there

You're signed in as [REDACTED]@students.iticollege.edu

By choosing **Start**, you agree to our [terms and conditions](#) and understand that your name and email address will be visible to other people in your institution. [Microsoft Privacy Policy](#)

[Start](#) →

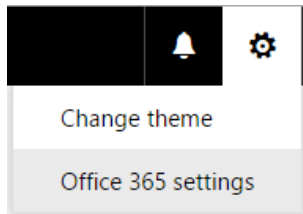

6. If successful, you should see the screen below. You can then click on the Install Now button to install Microsoft Office 2013 on your PC

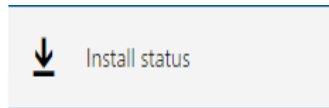

Office 2013.

7. If you fail to download at this time or if you want to download a previous/later version of Microsoft Office, you can access the download for Microsoft Office again by logging into your email on the web:

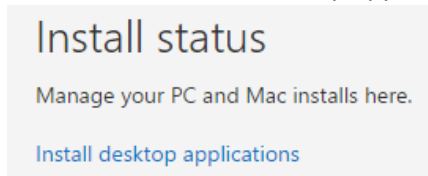

1. Click on the Gear icon in the top right of the webpage. Then click on Office 365 Settings.

2. Select Install Status to the left.

3. Then click "Install desktop applications".

4. You should then be brought to a page that gives you these options: Install Office 2013, Install Office 2016, or "Not ready to install the latest version of Office?" Where you can download Office 2010.

[Install Office 365 ProPlus with the 2013 apps](#)

[Install Office 365 ProPlus with the new 2016 apps](#)

[Not ready to install the latest version of Office?](#)

If your computer doesn't meet the system requirements for the latest version of Office or your language isn't supported yet, you can install the previous version of Office.
